Payments are made through a secure, third-party provider. Alterations to monthly payments are only able to be made by contacting the academy.

Past Due Accounts

All academic records will be held for any students whose financial account is past due. Records will not be released to another institution without payment in full. Delinquent accounts may result in the student being financially suspended until the account has been brought current. A student whose tuition is not current may become financially ineligible to attend classes. Days missed due to non-payment of the school bill will be considered days absent and will be included in the total number of absences. No report cards, transcripts, or diplomas will be issued unless all tuition and other incidental fees are paid.
